COLUMBIA CREST

Founded in 1983, Columbia Crest has grown from a small winery in a relatively unknown wine region to one of the most significant wineries in the U.S. and a major force behind Washington state's emergence as a world-class wine region. In 2009, Wine Spectator magazine named the Columbia Crest 2005 Reserve Cabernet Sauvignon the No. 1 Wine in the World on its Top 100 list, the first time a wine from Washington state has received the ranking.

14 HANDS WINERY

14 Hands Winery is inspired by the untamed spirit of the wild horses that once freely roamed eastern Washington, measuring a modest fourteen hands in height (a "hand" equivalent to the width of one's palm). The loamy sand and gravel soils of the Columbia Valley require a strong and determined grapevine, and our vineyards revel this world-class terroir. With the fruit from these hardy vines, we handcraft big, fruit-forward reds and crisp, juicy whites. Like the untamed horses we honor with our name, our wild and wonderful wines pack a lot of character into each bottle.

With 90% of our fruit coming from local, family-owned farms, our commitment to this unique part of the world runs deep. H3: Great Taste. Bottled.

NORTHSTAR

Since its inaugural 1994 vintage, Walla Walla's Northstar Winery has produced exceptional, critically acclaimed Merlots from the very best grapes grown in the Walla Walla and Columbia Valleys. SPRING VALLEY VINEYARD

Spring Valley Vineyard is situated 12 miles northeast of Walla Walla, spread amid the picturesque wheat fields of southeastern Washington with the Blue Mountains providing the backdrop. The initial block of Merlot was planted in 1993 on a south-southwest facing hillside. The vines follow the north-south slope of the hills in vertical rows, an orientation that, combined with the declination of the slope, allows the vines to take optimal advantage of air drainage, sunshine, and the reflective nature of the surrounding wheat fields. The names given to the wines are a tribute to the family members who have struggled and succeeded in farming the same land where Spring Valley Vineyard now flourishes.

INTRINSIC WINE CO.

INTRINSIC Wine Co. was created to help bridge the gap between the agricultural setting where wine grapes are grown and the urban setting where wine is enjoyed. The inspiration behind the INTRINSIC label came from urban culture and the similarities between street art and winemaking. Both are reflective of the environment around them and are collaborations between artist and landscape. Winemaker Juan Muñoz-Oca used this insight and married it with the incredible quality of tannins in Washington state grapes to push the traditional boundaries of Cabernet Sauvignon in the same way street art pushes boundaries of urban aesthetics. By extracting more from the grape skins, our winemaker believed he could impart more layers and depth to the wine. After years of experimentation and trial

BORNE OF FIRE

Borne of Fire is a Cabernet Sauvignon and Chardonnay sourced from a remote area in eastern Washington known by locals as “The Burn,” named from legends of early settlers who set fire to the land year after year to replenish and rejuvenate the grasslands. Like a phoenix rising from the ashes, Borne of Fire has laid claim to this land that has been torn from within and smothered in flames. Where Earth’s torrid past has new meaning and where the grapes grow mighty to produce world-class wines. Borne of Fire is truly reflective of its unique environment that draws from its rich roots to deliver a history you can taste.
